

## Assignment 2

\*Create a button class with the characteristics like this:

- Background color dark gray (any dark gray you want)
- Make the button's text white
- Make the text to be 10 px far from the bottom and the top and 15 px from the right and left
- No border for the button
- Make the button get purple when you hover over it with the text white

\*Add two buttons on your page and give the same style to both  
Make each of them a hyperlink to open a page (any html page you like)

\*Make a block of text with a heading and another block of text with no heading  
make them approximately look like this on your page:

### Heading
